## Suggested Home Learning

*In the Animal Safari project, your child will learn about incredible animals that live worldwide. They will explore various animal habitats and compare the animals that live there with animals in their locality. They will learn how to care for pets and what all animals need to grow, survive and stay happy and healthy. They will explore animal features and find out how they survive in the wild. They will compare the ways that animals are similar and different.*

- Take a trip to a zoo, reptile house or exotic bird or animal park where children can wander among exotic plants and view animals from around the world. Take photographs of your day to share with the class.
- Visit the My Pet and Me website on CBeebies and play the game to find out how to look after pet animals. Draw a picture of your pet or your favourite pet animal and explain how to look after it.
- Use the internet to find out some fantastic facts about animals. Choose three animals, draw a picture of them and write a label, caption or even a sentence!
- Look at some more unusual animals and talk to a family member about them.
- Have a go at pattern hunting – can you see any interesting patterns on any animals? E.g. zebra, giraffe. Have a go and making these patterns using different media such as paints or collage.
- Find out about some of the animals' habitats. You could use Google Maps to explore it. Draw a picture of the habitat to show the class.
- Go on a local safari to find out about the animals that live in your garden or local park.
- Look at animals from around the world, discuss your favourite animals and find out some fantastic facts.
- Share and discuss the Did you know? resource.

### Can you find any of these books in your local library?

Dear Zoo by Rod Campbell  
A First Book of Animals by Nicola Davies  
Monkey Puzzle by Julia Donaldson  
Little Red and the Very Hungry Lion by Alex T Smith  
Hello Hello by Brendan Wenzel  
Handa's Hen by Eileen Browne
