Home/School Agreement

At St Giles' School we believe that children work best in a safe and stimulating environment where both school and parents play their part in supporting and encouraging them. This mutual support is a key part of our school's philosophy and the school is proud to work together with parents to achieve the best for the children. The following agreement seeks to set out a structure for this mutually supportive partnership between parents and carers and the school. We encourage all families to sign both copies and to keep one for themselves, to remind them of their role in this agreement, and return the other to the school.
